when i was applying to medical school and received interviews with the multiple mini interview mmi format i had no idea what i was getting myself into despite researching online reading other books i found on amazon and gathering information from friends i did not fully grasp the true concept behind the mmi until attending seven of these interviews with each interview i got better in responding and learned from my mistakes from the previous interview this constant real life practice gave me enormous insight into what it really takes to do well on the mmi i noticed i was not able to find any of this information anywhere else which led me to make this ebook i like to think that responding to a scenario is an art i say this because everyone will be responding differently and will approach the situation at different angles in the past i have heard that there is not a single right answer but there are many wrong answers i disagree with this partially and would like to rephrase

this there is a common right approach to every scenario and there are many wrong approaches you can take in this ebook i will begin by explaining what the mmi is all about and later outline the principles that you should learn the mmi is all about these principles if you learn the main principle you will confidently respond to the scenario despite the extra fluff or different details they provide this is how you do well at the mmi along with an explanation for each principle i have also generated key buzzwords that you should mention during your response these buzzwords are what drives the response home it is what makes the interviewer think this person knows what he or she is talking about despite the explanations and buzzwords i took the liberty to include numerous example scenarios and an ideal response for each the best practice is dissecting these questions and their responses and learning the main concept behind each question you will notice the frame of thinking understand the principle and recognize the lingo necessary to effectively answer each mmi question this is how you build confidence i have also included chapters on the role playing station the teamwork station the typing writing station and a chapter filled with example scenarios you may practice on your own after reading through this ebook you will be poised to attend any multiple mini interview and answer any mmi related question effectively i am 100 confident in this statement

this multiple mini interview mmi prep book could be the difference between realizing your dream career in healthcare and medicine or a lifetime of regret let s face it having a stellar application is not enough because the mmi stands as the final challenge barring you from your dream fearful anxious confused and frustrated you want to know how to prepare for the mmi what you are doing wrong and how to do it right fret no more whether you are a first time interviewee or you have struggled with more than a few mmi master the mmi your key to success on the multiple mini interview is the step by step polybook that will transform your answers and accelerate your path to mmi success and admission this book provides you with approaches to the various types of questions you will encounter on the mmi and how to structure and personalize your answer for clarity and impact invest in this book today and take steps towards realizing your dream career in healthcare and medicine this book includes what are med school interviews looking for approach to major types of questions frequently seen in the mmi sample questions sample answers to questions full length mmistudent testimonial 1 jay taught me to tackle the interviews using his unique approach to effectively tell interviewers about who you are in ways that highlight your skills in a humanistic fashion further he helped me show medical schools why i was a great candidate jay is a key reason why i can call myself a doctor today anonymous md university of ottawa school of medicine2 i owe my medical school acceptance to jay i applied and interviewed three years straight without success frustrated and disheartened i could not figure out what i did wrong the year i worked with jay i told myself this would be my last application however jay pointed out my blind spots shined the light on my strengths and showed me how to demonstrate my qualities without his help and approach i cannot call myself a medical student today bh university of british columbia school of medicine3 hi jay i got in i want to thank you again your personalized approach guidance throughout the application process has been invaluable in helping me get accepted i only wish i had known you sooner gl queen s university school of medicine4 i was really worried about my interview i often get off topic and was concerned that i wouldn t answer the questions well initially i felt really scattered and unsure how to respond in the best way fortunately jay helped me develop a strategy to structure and polish my responses and represent my best self his approach made me stand out more than my peers ss university of calgary school of medicine before working with jay i was completely lost on how to approach

the multiple mini interview but after working with joy i felt 10x more confident and could organize my thoughts and deliver strong responses to many questions he showed me the importance of personal qualities and taught me how to showcase my strengths using personal stories i am so excited to start medical school in the fall of 2018 all thanks to his guidance i could not have been this successful without him samantha taylor mcgill university school of medicine if you find this book helpful please leave a review for past student testimonials success stories and coaching visit nextmd ca

medical interviews have changed a lot with time in the last two decades multiple mini interviews mmis have revolutionized the assessment strategies for entrance to medical schools mmis usually consist of 6 10 stations of independent assessments done in a timed circuit so that the same examiner evaluates a specific skill for a station among the candidates many of these stations assess a candidate's soft skills including critical thinking problem solving team working leadership and professional attitudes in addition to their knowledge skills and motivation towards choosing medicine as a career mmis are not just a test of a candidate's knowledge or skills but their ability to use it appropriately at the right time aristotle said we are what we repeatedly do excellence then is not an act but a habit candidates wishing to succeed in medical mmi interviews need repetitive practice in the various stations these stations usually include assessments on communication skills medical ethics recent medical facts role play with an empathetic approach data interpretation and calculations scenario based situations personal character motivation and judgment this book will provide an excellent variety of opportunities to practice these stations and guide the candidate with a framework of answers this book can be used for various medical university entrance exams including those in the united kingdom via the universities and colleges admissions service ucas the united states via the american medical college application service amca canada via the respective medical school applications service australia via the specific state tertiary admissions centre and many other countries via their specific admission pathways dr thanthullu vasu has previously published four medical books alongside many chapters and articles in leading international journals he has founded organized and directed many teaching courses that have received excellent feedback he regularly organizes national mmi courses for candidates applying to medical schools these courses are in high demand and have consistently produced a successful outcome many of the contributors in the book are team members from the rise foundation leicestershire a charity based in leicestershire risefoundationuk com all the contributors have extensive experience as examiners in many interviews and courses the royalties from the sale of this book will be donated to the rise foundation leicestershire thank you for buying this book as the money will go towards helping various causes supported by this charity we wish you much success in your interviews and your future medical career
